Except for the above limited remedy, the entire risk of the software's quality and performance is with Buyer.

(7) LIMITATION OF LIABILITY.

SELLER'S TOTAL, CUMULATIVE LIABILITY ARISING OUT OF OR RELATED TO THIS AGREEMENT WHETHER FOR BREACH OF CONTRACT, WARRANTY, SELLER'S NEGLIGENCE, STRICT LIABILITY IN TORT OR OTHERWISE, IS LIMITED TO THE PRICE OF PRODUCTS AND/OR SERVICES SOLD HEREUNDER WITH RESPECT TO WHICH LOSSES OR DAMAGES ARE CLAIMED. EVEN IF THE PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THE PARTIES EXPRESSLY AGREE THAT THE ABOVE LIMITATION ON DAMAGES IS AN ALLOCATION OF RISK CONSTITUTING IN PART THE CONSIDERATION FOR THIS AGREEMENT. SELLER SHALL NOT BE LIABLE FOR, AND BUYER ASSUMES ALL LIABILITY FOR, ALL PERSONAL INJURY AND PROPERTY DAMAGE CONNECTED WITH THE HANDLING, TRANSPORTATION, OR FURTHER MANUFACTURE, FABRICATION, ASSEMBLY, PROCESSING OR USE OF THE PRODUCTS. These limitations shall apply notwithstanding the failure of the essential purpose of any warranty or limited remedy specified in this Agreement.

Unless otherwise agreed to in writing, Seller retains title and all rights to inventions relating to the Products covered by this Agreement. Except as specifically provided herein, this Agreement conveys no license to Buyer under any intellectual property rights of Seller.

b. The Products Buyer purchases from Seller may contain software in the form of firmware programs built into their circuitry or loaded into electronic memory. Buyer's purchase of those Products include a non-exclusive license to use and sub-license the software only as part of the Products and only under the following conditions: (a) Seller (or its supplier) retains all title and ownership to copyright and other intellectual property interests in the software; (b) Buyer will only transfer possession of the software in conjunction with a transfer of Products; and (c) Buyer shall not remove any copyright notice or proprietary legend from the software, or use the software with any hardware except with the Seller hardware for which it is designed.

c. Buyer acknowledges Seller's claim that Seller provided software (including any related documentation or source code), if any, and Products furnished hereunder contain valuable trade secrets of Seller and, therefore, agrees that it will not translate, reverse engineer, de-compile or disassemble or make any other unauthorized use of such Seller software and Products. Since unauthorized use of such Seller software and Products will greatly diminish the value of such trade secrets and cause irreparable harm to Seller, Buyer agrees that Seller, in addition to any other remedies it may have, shall be entitled to equitable relief to protect such trade secrets, including without limitation temporary and permanent injunctive relief without the proving of damage by Seller.

d. Buyer is not permitted to use any trademark or trade name owned by Seller, except that Buyer may indicate that the Products sold to Buyer per this Agreement are "manufactured by Continental Automotive Systems, Inc." or, as appropriate, any other Seller business entity. Seller grants no license or other authorization for Government Buyers or others to use, disclose, reproduce, reverse engineer, or alter the Products or any related intellectual property except to the extent specifically provided in these Conditions of Sale. Buyer agrees to treat and ensure that others treat any intellectual property of Seller as intellectual property developed at exclusive private expense, in a manner so as to ensure that all such intellectual property is fully retained by Seller without the provision of any title to or license in such intellectual property being provided to Government Buyers or third parties except to the extent provided for in these Conditions of Sale. Any firmware or software documentation provided by Seller consists of "commercial computer software" and "commercial computer software documentation," as such terms are used in 48 C.F.R. 12.212, and the Government's rights in the Firmware and Documentation will thus not exceed those set forth in these Conditions of Sale. This is in accordance with 48 C.F.R. 227.7201 through 227.7202-4 (if this Agreement is with a Department of Defense ("DOD") agency) and with 48 C.F.R. 2.101 and 12.212 (if this Agreement is not with a DOD agency).

f. The parties agree that in the event the Seller develops any proprietary information, intellectual property, work product, concepts, or ideas for inventions, copyrights, whether registered or not, improvements or valuable discoveries and ideas, whether patentable or not (collectively "intellectual property"), which are conceived, made, first reduced to practice, or generated by Seller in connection with the Products, solely or jointly with another, all rights and ownership in such intellectual property shall be owned, and are hereby owned, by Seller, and Buyer hereby assigns to Seller any and all such intellectual property it may have in connection with the Products to the extent any is developed jointly by Buyer and Buyer shall cause all of its employees and contractors who contributed to such development to waive all moral rights they may have in such intellectual property.

(9) CONFIDENTIAL INFORMATION. To the extent that protection of information or materials to be transferred pursuant to this Agreement is covered by an existing confidentiality agreement, the existing agreement shall apply. Otherwise, the following terms shall apply: Seller may furnish to Buyer information and materials (collectively the "Materials") Seller deems confidential or proprietary. Buyer may not disclose such Materials to any third party except to its employees who may require use of the Materials in the performance of their duties, and Buyer may use such Materials only as authorized by Seller. Buyer's obligations with respect to such Materials shall continue for five (5) years after receipt of the Materials.

(10) EXPORT COMPLIANCE.

a. Buyer, its affiliates, and persons acting on their behalf shall comply with all applicable export control and economic and trade sanctions laws of the United States, Canada or any other appropriate national or international authorities such as the European Union, and shall not, directly or indirectly export, reexport, transfer, resell, ship, or divert any Products, Materials, Services, technical data, or software (together referred to as "items") furnished hereunder to any person, entity, project, use, or country in violation of such laws. Buyer understands that diversion of items contrary to such laws could subject Buyer to civil or criminal liability.

b. Such laws include (a) the statutes, regulations, orders and directives maintained by the U.S. Office of Foreign Assets Control ("OFAC"), (b) the U.S. Export Administration Regulations ("EAR") maintained by the U.S. Bureau of Industry and Security ("BIS"), (c) statutes and regulations maintained by Global Affairs Canada and Public Safety Canada, (d) the Defence Production Act ("DPA") and its associated regulations, and (e) the corresponding laws of other countries and of the European Union. This includes, but is not limited to, laws relating to U.S. re-export permits and country sanctions. Any export, directly or indirectly, which is affected contrary to Mexican export control laws, or any other applicable law, regulation or policy, is prohibited.

e. f. Buyer shall indemnify and hold Seller harmless for all claims, demands, cost, fines, penalties, fees, expenses or losses, including the reasonable fees, charges and disbursements of counsel, arising from Buyer's failure, intentional or unintentional, to comply with the foregoing export and sanctions compliance paragraphs. Buyer shall promptly provide Seller with complete and accurate information and documents as may be necessary to ensure compliance with applicable laws, including in relation to the end-

user, end-use and destination country for the items furnished by Seller, in the format required by Seller. Except to the extent and in a manner specifically agreed by Seller in advance in a writing signed by an authorized representative of Seller, Buyer shall in no event (a) provide to Seller any goods, products, information, materials, software, data, or technology subject to restrictions on exportation, release or disclosure pursuant to U.S. or Canadian export control laws, including but not limited to the EAR, the International Traffic in Arms Regulations ("ITAR"), U.S. or Canadian trade sanctions, the Export Control List under the EIPA or the DPA and its associated regulations, (b) require Seller to design, manufacture, modify, sell or otherwise take action with respect to such export-controlled materials.

Except as indicated in the paragraph below, Buyer remains exclusively responsible for compliance with all contractual obligations and laws governing such sales and agrees not to obligate Seller as a subcontractor or otherwise to such entities. Further, Seller makes no representations, certifications or warranties whatsoever with respect to the ability of its Products, Services, or prices to satisfy any such statutes, regulations, or contractual obligations. If Buyer is specifically required to "flow down" the following clauses to Seller under the terms of a U.S. federal government contract or subcontract, Buyer and Seller agree that any Products and Services provided by Seller are "commercial items" as defined in Federal Acquisition Regulation ("FAR") section 2.101 and Seller will consider agreeing to the following FAR clauses listed in FAR clause 52.244-6 "Subcontracts for Commercial Items": 52.203-13, 52.219-8, 52.222-26, 52.222-35, 52.222-36, 52.222-40, 52.222-50, 52.247-60, and 52.247-64. Performance may be suspended for the period of any such delay. By way of example and not by way of limitation, a Force Majeure event includes acts of God, act of terrorism, acts of any governmental authority (whether valid or invalid), disease, pandemic or epidemic, fires, floods, wind storms, explosions, riots, natural disasters, wars, sabotage, unavailability of materials, strikes, labor disputes, increases in raw material costs, or court injunction or order provided that written notice of such delay (including the anticipated duration of the delay) shall be given by the affected party as soon as reasonably practicable under the circumstances. In the event Seller is unable to wholly or partially perform because of any cause beyond its control, Seller may terminate any order without any liability to Buyer.

(13) GENERAL.

a. Buyer shall at all times comply with all applicable federal, provincial, state, municipal and local laws, orders, rules and regulations in all relevant jurisdictions.

If any provision of this Agreement is contrary to, prohibited by or held invalid by any law, rule, order or regulation of any government or by the final determination of any State, Provincial, Territorial or Federal court, such invalidity shall not affect the enforceability of any other provisions not held to be invalid.
